**TIMBERLAND**
FEDERAL CREDIT UNION

Tired of Paying Bills? Let Timberland FCU do it for you!

Okay, so we can't actually supply the funds to pay your bills...But we can, however, eliminate the stress and time constraints associated with doing so.

What is Electronic Bill Payer?

The credit union's Electronic Bill Payer (EBP) makes it simple and convenient to pay your monthly bills through our website at www.timberlandfcu.org. The link on our homepage takes you to a secure site where you can organize and pay your monthly bills automatically—with no need to buy stamps or write out share drafts. Everything is done for you!

How does it work?

When you enter our website, click on the **"Bill Payer Login"** link. After logging in, you simply enter the amount to be paid as well as the date you would like the payment to take place.

EBP offers some unique features designed to save time when you schedule payments. For example, you can schedule recurring payments of the same amount (like your mortgage) to be paid automatically the same time each month. In addition, you can establish payee profiles to avoid entering contact information each time a bill is to be paid.

Can I be sure a bill is paid on time?

Timberland FCU suggests that EBP users schedule bills for payment five business days prior to the bill's due date. The payment will be sent immediately to ensure it's received on time.

Plus, you can check on the status of a payment (when it was paid, when it cleared) and print it out for your records.

How much does it cost?

The Electronic Bill Payer service is FREE* if you have 4 or more services with Timberland FCU; if you don't, it costs just \$3.95 per month* and we believe that the convenience of having extra time and less stress is well worth the investment!

Mathematically, you could pay your bills for less without the credit union's help. The question you must consider, however, is "what is my time worth?"

Time is getting more and more valuable for all of us. It seems that stopping by the post office to buy stamps, sitting down to write out the share draft for each bill and remembering to drop them in the mail doesn't always fit into our busy schedules.

**(Additional fees may be incurred on a per item basis: \$0.50 per transaction after the first ten (10), \$5 return fee, a \$20 Non Sufficient Fund fee, and a \$10 stop payment fee.)*

The Credit Union Advantage

Timberland FCUs EBP Service is designed to simplify an unfortunate necessity—paying bills. As a member, you are an owner of the credit union and the inspiration for our strategy of providing high-quality financial services at affordable prices, combined with the convenience and personal service that other financial institutions just can't provide. We owe it to you!

If you have any questions about the EBP Service, please contact the credit union. If you're ready to enjoy the convenience of EBP, fill out the application on the reverse of this panel and return it to the credit union and we'll get you started on simplifying your finances.
